

An Opportunity for CPD brought to you by the RCN *Information in Nursing Forum* in collaboration with Bournemouth University:

**eNWI, the
eHealth Nursing Wales Group**

invites you
to take part in an
Exciting

FREE AFTERNOON WORKSHOP SESSION

‘From paper to electronic records – What is needed for Nursing?’

Date: Friday, November 10th

Time: 12.15pm Lunch

Workshop: 1pm – 3.30pm

**Venue: RCN Wales, Ty Maeth, King George V Drive
East, Cardiff, CF14 4XZ**

Aims of the Workshop:

- To apply the North Wales Conceptual Model to front line practice
- Within the Conceptual model - consider what models of nursing might be relevant to *two* areas of nursing practice - chosen as examples of application of the model by workshop members
- Investigate how the care received by the client might be evaluated and improved by the information in the e-records generated by these models
- To collate the recommendations and discussions into a Report

If you don't know anything about the Conceptual Model yet -

It's available on-line at <http://enwi.blogspot.com/> - do visit and discuss it widely before you come along to the workshop – we are very interested in front line feedback – we need to hear all your thoughts!
